

# Rebuild your Future

## MAKING IT OUT

### CREATIVE OPPORTUNITIES FOR BRIGHTER FUTURES

## WHO WE ARE

Making It Out is a local charity, based in Brighton and Hove. We work with people who are in need of structured day to day support to help them get their life back on track.

To do this we provide opportunities to develop employment ready skills, confidence and motivation within a creative making environment.

As an organisation we design and make a wide range of artefacts and artworks, from intricate small scale pieces all the way to large public installations.

## WHO WE WORK WITH

WE WORK WITH PEOPLE IN NEED OF A BIT MORE DIRECTION AND SUPPORT TO GET THEM MOVING IN THE RIGHT DIRECTION.

This includes people in a variety of situations such as:

- Prison leavers and people on probation
- Prisoners still serving sentences on ROTL placements
- People in recovery from addiction or breakdown.
- Long term unemployed
- The local homeless population
- Others in need of more regular occupational support.

## WHAT WE DO

We believe that creativity and the process of making has a large number of positive effects on people.

We also think that regularly working with others, enjoying your days and building relationships is the best way to get yourself motivated and begin to take more control of your own life.

We work to provide opportunities for individuals to get involved in exciting art and design projects that range from intricate artworks to large scale shopfitting installations or public artworks.

At MiO we will help you transition from one stage of life to another and provide the support you need to move forward.

# Make a Change

# WHAT WE MAKE

WE DON'T SPECIALISE IN ANY PARTICULAR ARTFORM OR CRAFT, BUT WORK WITH LOCAL ARTISTS AND MAKERS TO PRODUCE A DIVERSE RANGE OF WORK FROM SHOP FITS TO FURNITURE, SCREEN PRINTS AND WOODEN TOYS.

## COMMERCIAL INSTALLATIONS

We have taken on several shop fit projects and always create exciting environments. We see these spaces akin to large works of art that you can enter and become a part of.

## ARTWORK

From commissions of large scale public sculptures to individually hand printed christmas cards. We see art as a collaborative process that has value far beyond its commercial value.

## BESPOKE PRODUCTS

We are equally happy to create functional products such as furniture or toys...but we will always endeavour to include some degree of fabulous into what we make.

## COLLABORATIONS

Whenever possible we aim to work with other artists or other organisations. We do this to share the creative process, swap skills and experience

# HOW WE WORK

THERE ARE SEVERAL ROUTES INTO WORKING WITH MAKING IT OUT AND WE ARE HAPPY TO BE APPROACHED TO DISCUSS THESE. [admin@makingitout.co.uk](mailto:admin@makingitout.co.uk)

## VOLUNTARY WORK PLACEMENTS

Ranging from 3 - 6 months we expect you to attend 2 - 3 days a week and get fully involved in the activities of Making it Out. Amongst other things you will meet new people, learn new skills and eat great lunches. We make a plan at the start and aim to get you where you want to go.

## ROTL PLACEMENTS

We are currently working with individuals at HMP Ford to offer supportive placements to attend MiO 3 days a week. Again, we plan around your intentions on release and support your personal growth.

## COLLABORATIVE PROJECTS

Working with other organisations on large scale projects is one of our favourite ways to create art. We are able to organise, resource and facilitate creativity on a large scale and would love to hear your ideas.

## QUALIFICATIONS

MiO is an accredited SFEDI awards centre and we deliver qualifications based around enterprise and employment. This could include starting a business or looking for work and provides a structure to help you do this effectively.
